## Training & Webinars

NVTAC understands the struggle to provide comprehensive training while addressing other competing priorities. To help avoid the consequences of inadequate training for new staff - a steep learning curve, a trial-and-error approach, and poor grant performance - NVTAC has developed multiple training options to support grantee needs.

DOL-VETS and Safal Partners conduct Quarterly Performance Reporting Listening Sessions. These sessions are designed to support HVRP grantees to complete their quarterly reporting accurately and efficiently.

The following Q&A documents have been developed in response to grantee questions during the sessions. Recordings of more recent sessions are also available. Thank you to everyone who participated, submitted questions, and provided feedback.
