Tuesday, December 9, 2025, 3:00 – 4:00 p.m. ET

Veterans' Program Letter 02-25
Homeless Veterans' Reintegration Program
Performance, Management, and Reporting

Questions and Answers

Q. Can you explain the “Placed into Employment” rate and “Placement Rate Overall”?

A. Placement rate is calculated by dividing the total number of participants employed in one or more jobs in the reporting period by the total number of exiters during the same period. “Placement Rate Overall” was a term used in years past that used the same formula; there is no difference between the two.
