What's New in This Updated Guidance?

VPL 02-25 What's new?

- Records Management (Section V): No Changes
- Quarterly Performance Reports (Section VI): **language revision consistent with use of VETS' Grantee Reporting System (VGRS)**
- Quarterly Financial Reports (Section VII): **Removed statement on when VETS will begin requiring financial reports on an accrual basis**
- Quarterly Report Due Dates (Section VIII): No changes
- Program Risk Management (Section IX): **We've got slides for that!**
- End of Grant Reporting (Section X): **We've got slides for that!**

Program Risk Management (Section IX)

Changes:

- Clarifies that administrative and managerial Corrective Action Plans (CAP) are not automatically removed at the end of the period of performance (PoP)
- Changed the performance indicators that will result in a CAP or HR **from five to three:** 1) Number of Participants Enrolled, 2) Placement Rate, and 3) Cost per Placement
- States that VETS will *request* that the Grant Officer (GO) designate the grant recipient as “high risk” versus using the word *recommend*

Program Risk Management (Section IX)

Changes continued:

- Declares that placement of a grant recipient on a drawdown restriction (requiring payments to the grant recipient through the Payment Management System (PMS) be on a reimbursement basis, rather than advance payments) is a financial high risk (HR) restriction
- Added Stop Work Order—the GO restricts the grant recipients' authority to incur additional expenditures until receipt of evidence of acceptable performance

End of Grant Reporting (Section X)

Updated the policy's stated de minimis rate from 10% to 15%

Clarified that Indirect costs must be reported on the Final Federal Financial Report (FFR) only

Attachment 1: HVRP Corrective Action Plan Technical Assistance Guide (TAG)

Purpose:

- Explains why grant recipients may be placed on a CAP
 - Two types: 1) poor performance and 2) administrative and managerial
- Outlines the process VETS utilizes for notification, approval, additional monitoring by the Grant Officer's Technical Representative (GOTR), follow-up, and removal

Attachment 1: HVRP Corrective Action Plan Technical Assistance Guide, cont.

Changes from previous policy's CAP TAG:

- Language revision consistent with use of VGRS
- Removed the Action Indicator Scored by Quarter tables. We renamed the tables “performance indicator scoring thresholds” and added them to the Quarterly Performance Report Desk Guide on the [HVRP Resources website](#) (see Table 3A)

Attachment 1: HVRP Corrective Action Plan Technical Assistance Guide, FAQ 1

- Q: Does a grant recipient continue a CAP from one program year (PY) to another, or do we wait to see how we do at the end of Q1 of the next PY?
- A:
 - Failure to meet one or more of the performance indicators provided in Table 3A of the HVRP Quarterly Performance Report Desk Guide in PoP quarters 1 through 11 will require a CAP within the performance narrative section of the quarterly report for that quarter.
 - CAPs can span multiple program years until performance indicators achieve acceptable performance or an administrative or managerial CAP has come into compliance.

Remember: The only indicators subject to CAPs are Number of Participants Enrolled, Placement Rate, and Cost per Placement.

Attachment 1: HVRP Corrective Action Plan Technical Assistance Guide, FAQ 2

Performance Indicator	Indicator Score	Goal Met	Goal Partially Met	Goal Not Met
1. Number of Participants Enrolled or "Enrollments" – Percent of Cumulative Goal Achieved CAP Indicator <i>Scored PoP Q1 – PoP Q12</i>		100.0 percent or greater than goal	85.0 to 99.9 percent of goal	0 to 84.9 percent of goal
2. Placement Rate – Percent of Cumulative Goal Achieved CAP Indicator <i>Scored PoP Q1 – PoP Q12</i>		100.0 percent or greater than goal	85.0 to 99.9 percent of goal	0 to 84.9 percent of goal
3. Cost per Placement – Percent of Cumulative Goal Achieved CAP Indicator <i>Scored PoP Q1 – PoP Q12</i>		75.0 to 105.0 percent of goal	0 to 74.9 percent of goal; or 105.1 to 120.0 percent of goal	120.1 percent or greater than goal
4. Average Hourly Wage at Placement – Percent of Cumulative Goal Achieved <i>Scored PoP Q1 – PoP Q12</i>		100.0 percent or greater than goal	85.0 to 99.9 percent of goal	0 to 84.9 percent of goal
5. Percentage of Enrollments with Completed Training – Percent of Cumulative Goal Achieved <i>Scored PoP Q1 – PoP Q12</i>		100.0 percent or greater than goal	85.0 to 99.9 percent of goal	0 to 84.9 percent of goal

- Q: Which quarters do the color-coded symbols apply to for the different measures?
- A: All 12

Attachment 1: Performance Indicator Clarification

- VETS still has 8 performance indicators for HVRP. You establish your planned goals.
- Enrollments, Placement Rate, and Cost per Placement require a CAP within the narrative section of the performance narrative for the failed quarter(s). **Now called “CAP Indicators” to distinguish these from goals that are not subject to a CAP.**
- CAPs are not punitive in nature.
- You identify the root causes of issues affecting programmatic, financial, or other areas of concern.
- Develop a plan to overcome the identified issues and develop a timeline for its implementation.

Attachment 2: HVRP High Risk Designation Technical Assistance Guide

- Outlines VETS' high-risk designation (HR) procedural steps for notification, approval, additional monitoring by GOTR, removal, and/or continued non-compliance.
- Changes From Previous Policy's HR TAG:
 - Language revisions to change the performance indicators that will result in HR from five to three: Number of Participants Enrolled, Placement Rate, and Cost per Placement.

Attachment 2: HVRP High Risk Designation Technical Assistance Guide, FAQ 1

Q: How many measures must a grant recipient fail to be considered High Risk?

A: VETS lists three indicators. The grant recipient fails to meet minimum performance expectations (red score**) for all three for three consecutive quarters.**

- Number of Participants Enrolled
- Placement Rate
- Cost per Placement

Attachment 2: HVRP High Risk Designation Technical Assistance Guide

High Risk Designation Measures	PoP Q1 Score	PoP Q2 Score	PoP Q3 Score	PoP Q4 Score	PoP Q5 Score	PoP Q6 Score	PoP Q7 Score

Attachment 2: HVRP High Risk Designation Technical Assistance Guide, FAQ 3.

Q: What if I am HR eligible according to VGRS, but my grant isn't designated as HR?

A: Your report period ending 9-30-2025 performance reports will be evaluated against VPL 02-25 HR criteria.

- **Will result in GOTR requesting HR designation if the criterion is met**

Attachment 2: HVRP High Risk Designation Technical Assistance Guide, FAQ 4.

A: Your performance is evaluated on a quarterly basis. If the criteria is no longer met, the GOTR will recommend removal.
